

Winvision 1875

WinVision 1875 is characterized by lightweight and high pixel pitch level, resulting in high work efficiency in setting up the cabinets on top of one another. It was proudly featured at the President's inauguration celebration.

It is ideal for premier indoor concerts, staging events, auto shows, and conventions.

Technical specifications

Parameter	Value
Pixel Pitch Available	18.75mm
Pixel Composition	3 in 1 SMD Nichia device
No of Pixel/ tile(pixels)	32 X 32
Density for Pixel(Pixels/m ²)	2,844
Tile Dimension(WxHxD)	600mm x 600mm x 125mm
Brightness(cd/m ² (calibrated D-65))	2,400cd/m ²
Power Consumption(Max./Tile)	Max. 300W
Weight(/Tile)	6.7 Kg
Colors	281 Trillion
Refresh Rate	240Hz
Viewing Angle Vertical	>120°
Viewing Angle Horizontal	>120°
Transparency	51%
Life Time (hours)	50,000
Protection Rate	Indoor Only
Certifications	ETL
